

# UPGRADE

FOR A SMARTER, FASTER, CONNECTED BUSINESS

## ***DID YOU KNOW THAT SAGE 200CLOUD CUSTOMERS ARE HAPPIER ON THE LATEST VERSION? FIND OUT WHY...***

Sage 200cloud has a brand new user interface which not only gives it a fresh, modern look, it also delivers enhanced usability with improved navigation, enabling greater efficiency and speed. You'll also discover that **start-up time is now three times quicker**, so you'll see immediate performance improvements, including one-click access to the Sage 200 Ideas Hub, Help files, the spooler and desktop configuration.

# OVER 550 IMPROVEMENTS SUGGESTED BY YOU

Over the past few years we've delivered more wishes from our ideas hub than ever before. So by upgrading to Sage 200cloud now you can start enjoying business life with fewer bugs, increased efficiency and lower costs. Throughout a 6 year period we have fixed 1000's of bugs as well as over 550 wishes. All delivered with a new, enhanced look and feel that makes it easier to find and understand the data you need to manage your business as efficiently and productively as possible.

\*The Sage Payments service is provided by Sage Payments (UK) Ltd which is authorised by the Financial Conduct Authority under the Electronic Money Regulations 2011 (Register Reference: 900180) for the issuing of electronic money. Not available in the Republic of Ireland.

## SMARTER, FASTER, AND MORE CONNECTED

We have been listening to our user's suggestions and have made hundreds of improvements and refinements to Sage 200cloud, every suggestion and update has been to help you run your business more efficiently, gain more insight and to better connect you, your colleagues and your clients.

## UP TO DATE AND ON POINT

With every update to the latest version, we include all the latest updates and changes to the legislation that affects you. When you upgrade you can rest assured that you're always up to date with the latest legislation.

## GET PAID FASTER\*

Improve business cash flow and get paid faster with secure pay now options on invoices and the option to take payments directly into Sage 200cloud. Easily pay suppliers via Sage Payments\*, improving efficiency and accuracy with a full audit trail. And with Sage Bank Feeds you can automate bank transactions into Sage 200cloud directly from your bank software. More convenient than ever before with secure mobile access to approve payments on the go.

## FASTER SALES ORDER PROCESSING

Thanks to its enhanced process automation function, Sage 200cloud helps you be agile about products and pricing to maintain loyalty and satisfaction. This it does by giving you the ability to create a Sales Return from an existing Sales Order, while highlighting a Sales Order and selecting New Return From order will populate the Return data automatically for you. And by enabling faster data entry, Sage 200cloud increases speed and efficiency while at the same time reducing human error by removing need to re-key information.

# FIND OUT HOW EASY IT IS TO UPGRADE

## MANAGE ON THE MOVE

Sage 200cloud integrates your desktop with the freedom of the cloud, so you can access, manage and share your data wherever you are. Its Connected User feature is fully customisable, and allows you to access, manage, and share your data wherever you are, so you can manage your business in real-time from anywhere

## FAST TRACK FINANCIALS

Relax as transactions flow seamlessly into your account with Sage Bank Feeds, increasing your efficiency by synchronising and reconciling payments and transactions from your bank software. You'll also benefit from less human error as Sage Bank Feeds reduces the need for manual data entry by up to 80%, while allowing you to view and compare your bank information in real-time. Delivering peace of mind by increasing the accuracy of your accounts, Sage 200cloud gives your customers the confidence of accurate and fully audited bank transactions.

## BOOST YOUR PRODUCTIVITY

Excel Reporting allow you to perform more detailed analysis in the familiar environment of Excel. Extract the data you need quickly. Filter, format, pivot, and run deeper analysis whilst retaining the layouts you recognise. By helping you to build and access powerful reports on the go within a single click, you can boost the productivity of your business

## COMMAND YOUR BUSINESS

By upgrading to Sage 200cloud you'll be able to take full control of your business with end-to-end visibility of all your operations. This made possible by the software's brand new summary pages for your sales, purchases, sales orders and financial summary, all of which are highly visual and interactive. As a result you'll have at-a-glance visibility of your business's key KPIs, with dynamic graphics providing quick and easy interpretation of your data - any time, anywhere

## ENHANCE YOUR INSIGHTS

Gain greater insights into where your business is performing well, and where you can improve, as well as easy access to business data, allowing you to plan ahead and respond quickly to opportunities when they arise.

**If you haven't upgraded in the last few years**, now couldn't be a better time. We know that customers on the later versions are much happier, taking full advantage of the new range of features. Once you're on the latest version, **it's even easier to upgrade** in the future.
